When am I eligible to make a catch-up contribution?

If you turn age 50 anytime in the calendar year, you are eligible to contribute an additional \$7,500 into your plan as a catch-up contribution. This is in addition to the \$22,500 annual limit.

Is the catch-up contribution pre-tax or Roth?

Yes, either type of savings are available for your catch-up contribution. Depending on your income, the Secure Act 2.0 may require a change for your situation to Roth (more information to follow).

What does this all mean?

If you wish to save an additional \$7,500 per year, you can accumulate over \$250,000 in the next 17 years! As the limits to save increase, you may be able to save even more each year.
